Founded on CCI Learning's world-leading courseware, Jasperactive is the world's **first kinaesthetic** Microsoft Office **learning and validation** system **mapped** to the **Microsoft Office Specialist Global Standard**.

Kinaesthetic Learning is…
- focused on 'doing'
- a hands-on approach based on a physical activity

Jasperactive focuses on the **critical thinking** and **application** of learning so students can spend more time using Microsoft Office rather than learning how to use it.

85 % of supervisors say Microsoft Certified employees are more productive.

With Microsoft Office being one of the top 3 skills required for jobs today, 2 the question isn't "do I need these skills" but "who doesn't need these skills".

Jasperactive provides a **hands on** and **engaging** personalized **experience**.

Jasperactive is the perfect solution for anyone looking to learn Microsoft Office.

Jasperactive embraces what you know so you can focus on learning what you don't.

CCI Learning's courseware comes to life through a complete hands-on interactive learning experience.
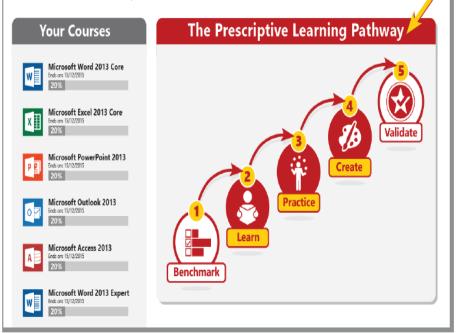

Badge Success!
Students earn and display badges* across the web, social media and on their resume.

The Prescriptive Learning Pathway

1. Benchmark
2. Learn
3. Practice
4. Create
5. Validate

With a five step Prescriptive Learning Pathway, we have created a human centered experience that stimulates excellence in the acquisition of understanding.

1	**Benchmark** – The Benchmark Test determines your skill level and builds a prescribed course plan using only the lessons you need.
2	**Learn** – CCI Learning's award winning courseware is embedded throughout Jasperactive. Each prescribed lesson begins with a skill testing quiz to determine and deliver only those lesson topics you need to learn. Hands-on learning exercises operate live directly within the actual desktop application!
3	**Practice** – Repeat the practice exercises multiple times to perfect your skills.
4	**Create** – A project-based exercise to combine your skills and creativity.
5	**Validate** – Once your lessons are complete, validate what you have learned.

Jasperactive instantly measures an individual's understanding of Microsoft Office desktop applications, and prescribes a personalized course to each student.

"I LOVE it!"

Mary Ellen Yeatts,
Nottoway High School, Virginia

"Jasperactive is the best!"

Brenda Nova,
ETC Iberoamérica, Mexico

"My staff loved it. It is really the way forward."

Jenny Cole,
NetLEARN, South Africa

"I have been singing Jasperactive's praises to my counterparts around the state."

Kelly Broscheid,
Cincinnati Public Schools, Ohio

"I wanted you to know how excited I am about Jasperactive, I love it and my students do too. I have a 91% passing rate in one class. We have never had this passing rate so early in the semester.
Our Director of Schools has heard of our success and has sent a message of congratulations. Jasperactive has made my life so much easier, and students are learning so much as they train."

Joe Bryan,
Walker Valley High School, Tennessee

"Jasperactive truly spoils me as a teacher. My 8th grade students love receiving digital badges as it creates good fun for them! I need to lock my renewal in for multiple years because I can't lose this program."

Brenda Gilliland,
Concordia High School, Kansas

Jasperactive in Your Community

CCI Learning believes that social and emotional skills are essential to being a great student, citizen, and worker.

As such, for each school/college that licenses Jasperactive, we will provide an additional annual license for free for 500 users, for the school/college to give to local community members.

Students can then experience the social and emotional side of community citizenship as well as helping the community by providing the necessary desktop productivity skills, for free.

Suggested Uses Throughout the Community:

- Build courses for your certified students to deliver classes to parents/grandparents/siblings in Microsoft Office
- Help local workforce to become more productive by learning Microsoft Office applications
- Provide access to local youth and homeless centres, to learn a new and valued skill
